---

OSCP certified College Junior with over 2 years of experience in Penetration Testing. Proficient in conducting research to properly emulate adversary actions during penetration testing, and developing comprehensive reports to fortify and optimize cybersecurity measures.

## Education

---

**University of Texas at San Antonio, TX** | *Bachelor of Business Administration in Cyber Security* | Expected Graduation: May 2025

- Penetration Tester on the UTSA Cyber Competitions Team - NetRunners
- Vice President and Security+ Mentor at the CompTIA Student Chapter
- Cyber Security Lab (CSL) Red Team Operator and Infrastructure Engineer

## Experience

---

### Cyber Operations Intern, MITRE | 2021 - 2023

#### Army Test and Evaluation Center

- Researched the current state of the Army's Red Team and contributed to a report outlining a 5 year roadmap for the enhancement of the Army's Testing and Evaluation (T&E) capabilities.
- Engaged in conversations with several individuals who had prior experience in similar efforts and posed relevant questions to gain a deeper understanding of the Army's current Testing and Evaluation plan.

#### MITRE ATT&CK Defender

- Developed a MITRE ATT&CK Defender™ training course teaching a MITRE ATT&CK Technique and its sub-techniques with detailed Threat Research and Adversary Emulation testing.
- Created a mapping capability to showcase process flow and decision making of MITRE ATT&CK techniques. Identified various paths ATT&CK techniques can take that helps identify adversary and benign behavior to build better analytic detections.

### Penetration Tester, National Guard Bureau (Contract) | April 2023 - June 2023

- Conducted penetration testing for sensitive government networks and web applications.
- Collaborated with cross-functional teams to analyze test results, prioritize risks, and develop appropriate mitigation strategies.
- Prepared a detailed report outlining findings, identified vulnerabilities and remediation suggestions.

## Skills

---

- |  |  |
|--|--|
| ➤ Penetration Testing / Vulnerability Assessments  | ➤ Crafting Comprehensive and Impactful Reports         |
| ➤ Programming / Scripting Languages: <i>Java, Python, Bash</i>                                       | ➤ Web Development: <i>HTML/CSS,, Git/Github/GitLab</i> |
| ➤ Security Blogs / Writeups: <a href="https://writeups.adityadindi.com">writeups.adityadindi.com</a> | ➤ Exceptional Verbal and Written Communication         |

## Certifications

---

- |  |  |
|--|--|
| ➤ Offensive Security Certified Professional (OSCP) |  |
| ➤ CompTIA Security+                                | <i>Expires: August 2025</i>                    |
| ➤ Certified Red Team Operator (CRTO) [In-Progress] | <i>Expected Completion Date: November 2023</i> |

## Achievements

---

- 2023: Collegiate Penetration Testing Competition (CPTC): Central Regional Champion (1st Place)
- 2023: Cal Poly Pomona SWIFT: King Of The Hill (KoTH) (1st Place)
- 2022: Collegiate Penetration Testing Competition (CPTC): Global Finalist
- 2023: Sandia National Laboratories Tracer Fire 12: (3rd Place)
- 2022: National Centers of Academic Excellence Cyber Games (NCAE): Regionals (3rd Place)
- 2022: Hivestorm: Nationals (4th Place)
